# ROCO KI

Macao, Dominican Republic

**A**DORNED WITH MOTHER-OF-PEARL beaches and crowned by breathtaking headlands, Roco Ki seemingly rises out of the glistening Caribbean Sea, promising to become one of the most inspiring residential and resort communities in the Dominican Republic. Roco Ki – which means “honoring the land” in the native language of the Taino Indians – draws on the rich history of its vibrant environment, marrying the island’s indigenous architectural themes with modern conveniences to create a flawless island hideaway nestled amid fertile mangrove forests and magnificent limestone cliffs.

Providing a truly unforgettable experience, The Faldo Legacy Course, managed by Troon Golf, is the perfect way to explore the island’s remarkable scenery. With 18 holes seamlessly woven into the island’s tropical terrain – beginning and ending atop Roco Ki’s majestic headlands – this championship track, named for its world-renowned golf course architect, traverses a lush ancient jungle, slithers around four luminous lakes and juts out over the glorious Caribbean Sea. In addition to being one of the most stunning layouts in the islands, The Faldo Legacy Course features an artful array of par 3s, 4s and 5s, which build to an amazing crescendo on the 18th hole, where golfers must play over two ocean inlets.

Also guaranteed to solidify Roco Ki’s spot among the world’s top island communities are the resort’s astounding amenities, which include 3.2 miles of dedicated beach, two relaxing spas, a first-class marina, a flourishing botanical garden, a wealth of luxury shopping and an onsite showcase of ancient Taino Indian artifacts. Numerous gourmet restaurants, several glistening pools and three more tournament-style courses are also planned for the property.

Both the residents and guests of Roco Ki will have access to all of these exceptional features while enjoying the comfort and luxury of the resort’s outstanding accommodations. The Westin Roco Ki Beach & Golf Resort and the Fairmont Roco Ki will soon join the distinctive property, boasting the finest guest rooms, condominiums and villas on the island. The resort will also offer luxury beachfront homes and homesites, Cacique Residences and Golf Villas and EcoDream Villas to further enhance the idyllic Caribbean lifestyle found at Roco Ki. 🌴
